Party (CP). He added that Miss MOORE had told him "categorically" that she was not a Communist, fellow traveler or sympathizer and that he had checked her book with competent scholars and could find no evidence of Communist bias in it. (DEAN's "distinguished" Miss MOORE, now Mrs H. M. GELFAN, was the same one KOHLBERG attacked. She was identified as a CP member by two witnesses in the IPR investigation.)

DEAN similarly defended OWEN LATTIMORE who, KOHLBERG charged, maintained liaison with CP leaders and was a Soviet Intelligence agent. At this IPR meeting, DEAN also pooh-poohed KOHLBERG's charge that some IPR staff members and trustees had long Communist front records.

DEAN represented the IPR and PHILIP C JESSUP in 1949...when they threatened to sue KOHLBERG for the charges he was then making about them.

KOHLBERG, in reply, pointed out false statements DEAN made in his letter about how he and the IPR had handled KOHLBERG's charges against the organization. He refused to amend or withdraw any statements he had made about JESSUP or the IPR. The DEAN-IPR-JESSUP axis did not sue KOHLBERG.

As late as April 15, 1949, DEAN wrote to CLAYTON LANE, IPR executive secretary, and urged him to rely on LAWRENCE K. ROSINGER and OWEN LATTIMORE for help in pointing out the problems the U S faced in its China policy.

ROSINGER was identified as a Communist Party member in the IPR hearings and refused to answer the \$64 question on the grounds of self-incrimination. For years prior to 1949 he had shown a pro-Communist bias in his writings.

OWEN LATTIMORE, the Senate Judiciary Committee found, had been "a conscious, articulate instrument of the Soviet conspiracy" since the 1930's. LATTIMORE's pro-Communist writing and ACTIONS were an old story by 1949, when DEAN still considered him a reliable authority.

In this same letter, DEAN congratulated LANE for getting Gen GEORGE C. MARSHALL to serve as a trustee of the IPR and cautioned against indicating to MARSHALL that the IPR was in financial difficulties and that his name would be used to bolster the IPR's appeal for funds from foundations. He also urged LANE not to let it be known that he (LANE) had been brought into the IPR "to relieve a bad situation".

DEAN also recommended that no mention be made in IPR publications of the accusations of pro-Communism that had been brought against the organization. In his postscript, he wrote:

"Some way we must solve the Russian problem. It's up to us to find out what makes them tick, why they are what they are; it's not up to us to fight Communism. If we try that we have no function; we must expose how it works, what it is, what it does, when it fails."

OWEN LATTIMORE, LAWRENCE K. ROSINGER, HARRIET LUCY MOORE, FREDERICK VANDERBILT FIELD and the whole pro-Communist IPR clique fooled ARTHUR H. DEAN. By his own admission, DEAN was unable to detect Moscow's line in numerous IPR articles by Communist and pro-Communist writers.

No one has charged DEAN with being pro-Communist. In handling KOHLBERG's charges against the IPR he indicated willingness to act if he had evidence to action. The trouble was that he could not see the evidence that was presented to him.

Couldn't the EISENHOWER Administration have found a better man than DEAN to send to Korea to negotiate the security of the U S with slick, ruthless Communist leaders? What would the Republicans have said if

Dear Subscriber:

IS THE U S PEACE NEGOTIATOR IN KOREA QUALIFIED FOR HIS POSITION?

ARTHUR H. DEAN is the chief U S-U N representative in the Panmunjom negotiations to arrange a Korean peace parley.

DEAN was for years a member and official of the Institute of Pacific Relations (IPR) which, the Senate Judiciary Committee found in 1952, had been dominated by a clique of Communists and pro-Communists who used it as an instrument for furthering Soviet policy. DEAN was a member of the IPR's executive committee in 1946-50. He was chairman of its Pacific Council (int'l governing body) in 1950-51.

ALFRED KOHLBERG, an IPR member and business man, charged in 1944 that the IPR had a pro-Communist bias and that its publications suppressed and distorted facts to support that bias.

DEAN was appointed by the IPR to the committee set up to investigate KOHLBERG's charges. In March, 1947, he and other IPR officials signed a letter that branded KOHLBERG's charges as "inaccurate and irresponsible" and "false" (the Senate has since proved them to be true).

Millionaire Communist FREDERICK VANDERBILT FIELD had DEAN's support in 1947, when he was asked to resign from the IPR executive committee. The minutes of an IPR meeting of March 18, 1947, state that DEAN defended FIELD and wanted him retained in the IPR because he was "one of the most valuable and objective members of the executive committee" and because he (DEAN) had never known FIELD to show "any political bias whatever" in his IPR activities.

(Note: DEAN knew at the time that FIELD was on the editorial board of the Communist magazine, "New Masses". FIELD had then been a notorious leader in Communist affairs for years. In 1949, DEAN wrote KOHLBERG that he and other IPR trustees had insisted that FIELD resign in July, 1947. He did not say what had made him change his mind about FIELD.)

DEAN presided at an IPR meeting called to discuss KOHLBERG's charges in April, 1947. He vouched for the lily white status of the IPR, denied KOHLBERG's charges and, with nearly everyone else present, voted against KOHLBERG's resolution proposing an impartial investigation of them.

DEAN also stated at this meeting that he had read all the articles in IPR publications which KOHLBERG said were Communist-slanted and that "I could not find the evidence of the following of the Communist Party line that Mr KOHLBERG charged". GELFAN

HARRIET LUCY MOORE was one of the IPR officials KOHLBERG said was a Communist Party member. DEAN said he believed KOHLBERG had confused the IPR's Miss MOORE "who is a very distinguished graduate of Bryn Mawr and won a scholarship and spent a year in Russia and is author of the 'Soviet Far Eastern Policy'" with a then dead organizer of the Communist

the TRUMAN Administration had chosen a man with a similar record to negotiate peace with Moscow's agents?

DEAN, because of his present position, may be selected to represent the U S. at the Korean political conference he is now trying to arrange.

WHAT CAN YOU DO TO COMBAT COMMUNISM?

Write to your Senators. Urge them to give careful consideration to the preceding facts before confirming DEAN's appointment to such a post or any other position for which he may be chosen by the State Dept.

BANKERS AND BIG BUSINESS MEN ENDORSE COMMUNIST PARTY PROPAGANDA.

The IPR is up to its old trick of spreading Moscow's line. It is now distributing a reduced price list of many "important" books and pamphlets on the Far East. The offer is addressed to "Professors, Students and Libraries of International Affairs". It says all the material is in good condition and "of permanent reference value".

Just what books and pamphlets is the IPR praising and trying to sell as useful, authoritative reference works?

T. A. BISSON's "American Policy in the Far East, 1931-40" and "Japan's War Economy". BISSON was identified as a Communist Party member in the IPR hearings. He also has a Communist front record.

KATE L. MITCHELL's "Japan's Industrial Strength". She was also identified as a CP member in the Senate Hearings on the IPR. Like BISSON and other IPR members, she was affiliated with the party's top Asia front, the Committee for a Democratic Far Eastern Policy. She was also one of the key officials of the magazine "Amerasia" and was arrested in the Amerasia stolen documents case (1945).

BENJAMIN KIZER's "U S-Canadian Northwest". He, too, was identified as a party member in the IPR hearings. Like KATE MITCHELL, he denied the charge. Like her, he was an official of Amerasia magazine.

Also listed are books by IRVING FRIEDMAN of Amerasia magazine, and VIRGINIA THOMPSON and MIRIAM S. FARLEY, both of whom were connected with Amerasia and have written for the CP-run Federated Press. FRIEDMAN is an IPR research associate; FARLEY was formerly the editor of the IPR's publication "Far Eastern Survey"; THOMPSON is an IPR writer.

That is not all. The IPR's latest book catalogue (Fall 1952), in addition to featuring books by all of the above-named persons, offers books by the following writers who have been identified in sworn testimony as Communist Party members:

JOHN K. FAIRBANK**, CHEN HAN-SENG, OLGA LANG, OWEN LATTIMORE**, HARRIET LUCY MOORE*, E. HERBERT NORMAN, LAWRENCE K. ROSINGER*, ANDREW ROTH and CAREY McWILLIAMS.

Other authors represented in this catalogue whose objectivity is questionable because of their affiliation with Communist fronts and news agencies or for other reasons, are:

DOROTHY BORG, VERA MICHELES DEAN, ELEANOR LATTIMORE, HAROLD R. ISAACS (who says he is a Trotskyite Communist), BERNARD SEEMAN, LAWRENCE SALISBURY...and WM. L. HOLLAND, who has been a top official of the IPR during its most unsavory years.

Where do the bankers and big business men come into the picture? On Oct 6 of this year the IPR held a luncheon in honor of the Honorable NITASHI ASHIDA, member of the Japanese House of Representatives.

** Denied charge under oath. * Took refuge in Fifth Amendment.

Representatives of the following banks, corporations and investment houses were on the guest list for the luncheon.

Chase National Bank.	No 4.	Standard-Vacuum Oil Co.
Chas Bowman & Co.		U.S. Steel Export Co.
Bankers Trust Co.		Behre, Dolbear & Co.
Amer & Foreign Power Co.		First Nat'l Bank, Jersey City.
Manufacturers Trust Co.		Nat'l Assn of Manufacturers.
Int'l Minerals & Metals Corp.		Hawkins, Delafield & Wood.
Shearman & Sterling & Wright.		Nat'l City Bank of NY.
General Motors Overseas Operations		Time-Life Int'l.
General American Investors Co.		Int'l Bar Assn.
Amer Int'l Underwriters Corp.		Dodge & Seymour.
Bank of America.		Nat'l Foreign Trade Council.

Tacit approval of the IPR and all its works was given by each firm that had a representative at the luncheon or permitted the IPR to use the name of one of its members on the guest list, whether he attended or not.

This approval, of course, covers the IPR's current distribution of Communist-slanted books, pamphlets and "reference works" on the Far East. In fairness to these firms, it must be pointed out that objective, non-Communist works are also being distributed by the IPR.

But just last year the Senate Judiciary Committee found in a widely publicized report that "the IPR was a vehicle used by the Communists to orientate American far eastern policies toward Communist objectives" and that "the net effect of IPR activities...has been...to affect adversely the interests of the United States".

The Senate Committee also found that the IPR damage was financed chiefly by "American industrialists, corporations and foundations".

Some big business men and bankers are still asleep at the switch.

"THUS FAR AND NO FARTHER".

This is the slogan of The Wooden Church Crusade, Inc, a non-profit, non-denominational organization that is now conducting a nationwide drive for funds to build a series of wooden churches along the West German-Iron Curtain border.. Each church will cost about \$25,000.

The crusade is a completely volunteer group. It has no paid employees. It is supported by many national leaders...Governors, Senators, Congressmen...and by business men, clergymen, veterans and patriotic groups. Radio commentator FULTON LEWIS Jr is National Chairman.

"Hate Americans", the Communists tell the people of West Germany, "they destroyed your churches" (45% of West German churches are in ruins as a result of World War II bombing).

You can help to offset this propaganda, to increase U S prestige abroad, and to build a spiritual wall against Communism in Europe by contributing to The Wooden Church Crusade. The address is: Burlington, Wisconsin. In sending donations, please specify whether you want it to go to Protestant, Catholic or Jewish construction.

Don't forget to write to your Senator about ARTHUR H DEAN (see p 3).

Faithfully yours,

PERSONAL AND CONFIDENTIAL

I thought you might be interested in knowing that the Bureau has received a report which it has not verified and which we cannot vouch for, but which nevertheless is interesting, to the effect that Mr. Arthur Dean of the well-known New York law firm of Sullivan and Cromwell has resigned from the Board of Directors of the Fund for the Republic. We have been further informed that some arrangement has been worked out whereby Mr. Dean's resignation will not be made public at least for the present time. There is no doubt, of course, that if Mr. Dean's resignation were made public that this might have considerable effect upon other members of the Board.

Irving Ferman, the Washington representative of the American Civil Liberties Union (ACLU), called me from New York on 10/18/55, to advise that the dinner which had been planned for Fulton Lewis and Elmo Roper was canceled on Monday night, 10/17/55, since Roper could not get to New York by reason of the flood.

Ferman further told me that Marquis Childs had told him that Arthur Dean had resigned from the Board of the Fund for the Republic. Ferman stated that Childs is emotionally supporting the Fund for the Republic and he feels that there has not been enough influence brought to bear on Childs. Childs told Ferman that he thought Dean did not have the guts to fight it through.

Ferman has further learned from a member of the Staff of the Fund for the Republic that Dean has resigned; that a deal was made whereby Dean's resignation will not be made public, at least for the present time. Ferman stated that the officials of the Fund for the Republic are worried, are upset, and the Fulton Lewis broadcasts have had a telling effect upon them; that the story is going around that W. H. Ferry is beaten down and is talking in terms of taking a long leave of absence and quietly bowing out. Ferman is trying to smoke out the Dean resignation because he feels that it will have terrific effect upon other members of the Fund as well it might.

There is attached a suggested memorandum to the Attorney General regarding Dean's resignation.

DETAILS: AT ITHACA, NEW YORK

On November 24, 1964, [redacted]

[redacted] Cornell University (CU), advised that DEAN is one of Cornell's most highly respected alumni and that he is presently Chairman of the Board of Trustees at Cornell. She stated that he makes his home in Oyster Bay, Long Island, and that he comes to Ithaca only 3 or 4 times a year in order to attend meetings of the Board. [redacted] advised that DEAN has no relatives now living in Ithaca.

On November 25, 1964, [redacted]

of the "Ithaca Journal", a daily newspaper published in Ithaca, made available the morgue file on DEAN. This file was previously reviewed during a previous investigation of DEAN in January 1960. This file identified DEAN as senior member of the law firm of Sullivan and Cromwell in New York City.

An article appearing in the January 25, 1963 issue of this paper reported that DEAN was honored at a testimonial dinner at The Plaza in New York City on January 24, 1963, after his resignation as Chief Negotiator for the U.S. in the nuclear disarmament talks at Geneva so that he could devote more time to his law practice and his responsibilities as Chairman of the Board of Trustees at Cornell. Many high officials of both the state and federal governments paid tribute to him at this dinner.

On November 25, 1964, [redacted]

[redacted] advised that DEAN was reappointed to the Board of Trustees in 1960 for a term expiring June 30, 1965. He is Chairman of the Board of Trustees and is also a Director of the Cornell Aeronautical Laboratory, a member of the Joint Administrative Board of the New York Hospital - Cornell Medical Center and a member of the Coordinating Board of the Sloan - Kettering Division of the Cornell Medical College.

[redacted] advised that DEAN is presently a member of the President's Bi-Partisan Advisory Committee on Foreign Affairs.

[redacted] stated that through [redacted]

[redacted] he has known DEAN very well for the past several years. He advised that DEAN has a keen and incisive mind, which gives him the ability to analyze a set of facts or some complicated problem and come up with the key issues and pertinent points in short order. He seems to work at his best when the problem is big or the issues complicated and involved. He has the additional ability to get along well with his associates and to command their respect. [redacted] characterized DEAN as a person who, though a great man, has been willing to give unselfishly of his time both to his country and to his alma mater.

b7D

On November 25, 1964, [redacted]

[redacted] CU, advised that he has known ARTHUR DEAN both socially and professionally for many years and that he has never had any reason to obtain anything but the best possible impression of DEAN during this association. He stated that he considers DEAN to be one of our most outstanding citizens and as a person of unquestioned loyalty, ability and character.

On November 27, 1964, [redacted]

[redacted] CU, and [redacted] [redacted] advised that he has been associated with DEAN for the past few years through [redacted]. He stated that he has nothing but the highest respect and admiration for DEAN and that he has found him to be a most able and considerate man to work with.

On November 25, 1964, [redacted]

Credit Bureau of Ithaca, made available her file on ARTHUR DEAN. A review of this file revealed no current information. This file was previously reviewed in January 1960.

On November 24, 1964, Sergeant [redacted] advised that DEAN has no record with the Ithaca Police Department.

The following investigation was conducted by SA [redacted] at Albany, New York on November 30, 1964:

[redacted] Veterans Administration (VA) Hospital, reviewed the hospital file of Mr. ROBERT THURSTON DEAN, brother of ARTHUR DEAN. [redacted] advised that the following information is therein contained:

Mr. ROBERT THURSTON DEAN was born on August 28, 1896 at Ithaca, New York. One of his brothers is Mr. ARTHUR HOBSON DEAN.

Mr. ROBERT T. DEAN has been hospitalized as a mental patient for the VA since July 13, 1935. He originally entered the Canandaigua VA Hospital, Canandaigua, New York, on July 13, 1935. He was transferred to the VA Hospital at Montrose, New York on August 26, 1955, and was transferred to the VA Hospital at Albany on September 26, 1957.

By order of the Ontario County Court, New York, dated August 15, 1935, he was committed to the VA Hospital at Canandaigua. The basis for such court order was a petition signed by his sister, GERTRUDE BLANCH DEAN, alleging that he was insane.

Mr. ROBERT T. DEAN's mental illness has been diagnosed by VA doctors as "chronic brain syndrome with a convulsive disorder". He is subject to petit mal and grand mal epileptic seizures. He was in the U.S. Marine Corps from May 30, 1918 to April 28, 1919 but his illnesses are not rated by the VA as service-connected. He receives a pension based upon his permanent and total disablement but is entitled to no compensatory payments of any nature.

Mr. DEAN is presently a patient at the VA Hospital, Albany. [redacted] advised that there is no chance of Mr. DEAN's release. He is currently in poor physical and mental health.

(WELKER)

SEN. HERMAN WELKER LISTED ARTHUR H. DEAN, SPECIAL AMBASSADOR IN KOREA, AMONG THOSE WHO "IN A ROUND-ABOUT MANNER ARE CHANTING THE SIREN SONG OF COLLABORATION WITH THE RULERS OF RED CHINA."

IN A SENATE SPEECH, WELKER REVIEWED DEAN'S CONNECTION WITH THE INSTITUTE OF PACIFIC RELATIONS. COMMENTING THAT DEAN, TOP U.S. REPRESENTATIVE AT PANMUNJOM PEACE TALKS, IS SERVING WITHOUT SENATE CONFIRMATION, THE IDAHO REPUBLICAN SAID:

"THE QUESTION IS WHETHER INDIVIDUALS SUCH AS MR. DEAN ARE IN EFFECT CHALLENGING THE EXISTING POLICIES OF THIS COUNTRY, AND WHETHER THEY ARE DETERMINED TO ATTEMPT RADICAL CHANGES WITHOUT PROPER AUTHORITY."

WELKER QUOTED DEAN AS ADVOCATING MORE "REALISM" IN UNITED STATES ASIA POLICY. HE SAID PRESENT POLICY IN THE FAR EAST IS "THE HEIGHT OF REALISM" BECAUSE IT REFUSES EVEN TO DISCUSS THE POSSIBILITY OF U.N. MEMBERSHIP FOR "A BLOODY AGGRESSOR" LIKE COMMUNIST CHINA.

"BUT TODAY INDIVIDUALS SUCH AS MR. DEAN ARE BEGINNING TO QUESTION THE WISDOM OF THIS POLICY AND IN A ROUND-ABOUT MANNER ARE CHANTING THE SIREN SONG OF COLLABORATION WITH THE RULERS OF RED CHINA," WELKER SAID.

"I THINK WE MUST ASK OURSELVES TO WHAT EXTENT SPECIAL AMBASSADORS, SERVING WITHOUT THE CONFIRMATION OF THE UNITED STATES SENATE, ARE TO BE ALLOWED TO EXPRESS THEMSELVES PUBLICLY ON HIGH POLICY MATTERS -- WHEN THERE IS ABSOLUTELY NO EVIDENCE THAT THEY ARE SPEAKING WITH THE OFFICIAL VOICE OF THE ADMINISTRATION WHICH APPOINTED THEM," WELKER DECLARED.

~~ADD 1 WELKER~~

WELKER SAID DEAN'S PAST RECORD DEMONSTRATES NO "OUTSTANDING SHREWDNESS" IN DEALING WITH THE COMMUNISTS. DEAN, WELKER SAID, WAS SHOWN IN THE SENATE INTERNAL SECURITY SUBCOMMITTEE'S INVESTIGATION TO HAVE BEEN A MEMBER OF AN IPR COMMITTEE WHICH CLEARED THE ORGANIZATION OF CHARGES OF COMMUNIST BIAS.

WELKER SAID DEAN, A LONG TIME OFFICIAL OF THE IPR, WAS AN "OFFICIAL SPOKESMAN" FOR THAT ORGANIZATION WHICH, HE SAID, WAS LARGELY RESPONSIBLE FOR SPREADING THE "MYTHS" THAT CHIANG KAI-SHEK WAS A TOTAL REACTIONARY AND THAT THE CHINESE COMMUNISTS WERE "AGRARIAN REFORMERS."

"IT WOULD SEEM THAT MR. DEAN, WITHOUT PROPER AUTHORITY FROM ANY KNOWN RESPONSIBLE SOURCE, IS TODAY GIVING OUT THE SAME KIND OF PROPAGANDA," WELKER SAID.

"I BELIEVE IT IS VITALLY IMPORTANT THAT THE CONGRESS OF THE UNITED STATES QUICKLY DETERMINE WHETHER OR NOT THERE IS IN PROGRESS AT THIS TIME A THINLY DISGUISED EFFORT TO CONDITION THE AMERICAN PEOPLE FOR A RADICAL CHANGE IN THAT (ASIA) POLICY," WELKER SAID.

THE SENATOR DEVOTED ABOUT HALF OF HIS SPEECH TO DEAN'S ACTIVITIES IN THE IPR. HE SAID DEAN DEFENDED "MILLIONAIRE COMMUNIST" FREDERICK VANDERBILT FIELD IN IPR COUNCILS. HE READ A LETTER TO SHOW THAT DEAN URGED THAT THE IPR SEEK HELP FROM OWEN LATTIMORE AND LAWRENCE ROSINGER IN ITS ATTEMPTS TO ANALYZE STATE DEPARTMENT POLICIES IN 1949.

WELKER REPEATED THE FINDINGS OF THE SENATE INTERNAL SECURITY SUBCOMMITTEE THAT THE IPR WAS REGARDED BY THE COMMUNISTS AS "AN INSTRUMENT OF COMMUNIST POLICY AND MILITARY INTELLIGENCE," AND THAT "MEMBERS OF THE SMALL CORE OF OFFICIALS AND STAFF MEMBERS WHO CONTROLLED IPR WERE EITHER COMMUNIST OR PRO-COMMUNIST."

Dear [redacted]

The interest which prompted your letter of January 15, 1954, with enclosure, is sincerely appreciated, and I want to thank you for your very kind comments concerning the FBI and my administration of its activities.

While I would like to be of service in connection with your inquiry, it is not possible for me, as a matter of policy, to make any comment concerning it.

As you are no doubt aware, the FBI is strictly a fact-finding agency and does not draw conclusions or make evaluations as to the character and integrity of any individual or organization.

January 15th

My dear Mr Hoover:

Like all Americans,
I have the greatest respect and admir-
ation for you and your fine organization
and the splendid work you do, under
very trying circumstances.

If the enclosed
clipping states the truth, shouldn't
Arthur Dean be excluded from any position,
advisory or otherwise, between ourselves
and the Reds? If he has ever been
associated with Owen Lattimore and the
Institute of Pacific Relations, why
in the name of common sense would Sec.
Dulles send him to Korea unless he
(Dulles) shared his views? Personally,
I've never been too fond of Dulles - I
think it was an unfortunate appointment
but what can one do about it. In many
instances, this so-called free country
of ours, we are tied hand and foot because
our objections are overruled. We give
entirely too much to the Reds - if we
would only follow a resolute stand and not
let them jockey us into bad positions, we'd
get a great deal further.

RECORDED BY [redacted]

I'd like to hear from you on this. Meantime, always good luck
and good health to you.

Sincerely,

3

Assail Dean in Senate As Soft on Red China

By RUTH MONTGOMERY

of THE NEWS Bureau

Washington, D. C., Jan. 14.—Republican Senator Herman Welker of Idaho today charged in the Senate that special ambassador to Korea Arthur H. Dean is "chanting the siren song of collaboration with the rulers of Red China."

Welker urged Congress to determine quickly whether there is in progress "a thinly disguised effort to condition the American people for a radical change" in our policy toward Communist China.

Confers in Capital.

Dean, a former law partner of Secretary of State Dulles, has been conducting our stalemated truce

decide to what extent special ambassadors like Dean, who serve without Senate confirmation, should be allowed to express themselves on high policy matters "when there is absolutely no evidence that they are speaking with the official voice of the Administration which appointed them." —

Warns of Dangers.

Welker warned that because of Dean's official position, his views "would tend to commit this Government to policies" which lack the support of top Senators and high Administration officials.

Castigating Dean for calling for a review of our policy toward Red China and the Nationalist Chinese

talks at Panmunjom. He is now in Washington for consultation. Welker said that Dean, as chairman of the Pacific Council of the Institute of Pacific Relations from 1925 to 1950, "was a major financial contributor to the organization along with the millionaire Communist, Frederick Vanderbilt Field." He said that in 1947 Dean defended Field as "one of the most valuable and objective members of the executive committee" and opposed his removal. Dean also had high praise for Lawrence Rosinger and Owen Lattimore, both key figures in Congressional investigations, Welker said.

Welker said the senate should

~~Envoy Says Senator Aids Reds~~

Welker Raps Dean; Dean Raps Welker

By United Press

NEW YORK, Jan. 15—Arthur H. Dean, special U. S. Ambassador to Korea, today said the communists "are undoubtedly chortling with glee" because Sen. Herman Welker (R., Idaho) has accused him of trying to collaborate with Red China.

He said Sen. Welker had been "a great aid to the communists" when he attacked Mr. Dean's role as U. S. representative at the Panmunjom peace talks.

THE SIREN SONG'

Sen. Welker told the Senate in Washington yesterday that Mr. Dean was among those who "in a round-about manner are chanting the siren song of collaborating with the rulers of Red China."

The Senator pointed out that Mr. Dean was once an official of the Institute of Pacific Relations, an international research organization which the Senate Internal Security Committee has labeled "an instrument of communist policy and military intelligence."

In a reply issued here, Mr. Dean said:

"I am against the appeasement of the U.S.S.R., Red China, North Korea or any other communist government or movement. I am not in favor of the recognition of Red China or its admission to the United Nations. I have not been spreading communist doctrine in any way, shape or form."

EX-DULLES PARTNER

Mr. Dean, a former law partner of Secretary of State John Foster Dulles, said he resigned as chairman of the IPR on Feb. 5, 1952—"immediately after Mr. Lawrence Rosinger, at one time one of the research associates, had refused to answer questions before a Senate investigating committee."

He added: "Sen. Welker has attacked me because I did not foresee this. Up to that time, Lawrence Rosinger had enjoyed a reputation

Mr. Dean

Sen. Welker

for high and objective scholarship among his associates."

Mr. Dean also denied Sen. Welker's charges that he "defended" millionaire communist Frederick Vanderbilt Field. On the contrary, Mr. Dean said, shortly after he (Mr. Dean) became a trustee of the IPR in 1946 he and a number of other trustees became "disturbed" about Mr. Field's activities and forced him to resign.

*To: Chief Editorial Writer
For Release, Monday, Feb. 16*

Dear Mr. Ambassador:

Last Monday's N. Y. TIMES and HERALD-TRIBUNE reported your resignation. Tuesday's issues carried formal State Department denials. It all started with Senator Welker's demand to know by what authority you said we should take a "new look" at Red China and "be prepared to admit them to the family of nations," in about two years. The President, the Vice-President, the Secretary of State, Sen. Knowland, Rep. Judd and both houses of Congress are on record as unalterably opposed, he said.

Your reply that his attack "had been stirred up by Communists and inspired by Alfred Kohlberg," and that the Institute of Pacific Relations is a fine anti-Communist organization, is untrue. Your press statement that you forced [redacted] out is denied by the minutes showing your support of him. (See page 3920, McCarran hearings.)

Though you may not have anticipated it, you must now know of the dismay created by your statement among our allies in the Far East -- Premier Yoshida and Presidents Rhee, Chiang and Magsaysay. They ask whether they are to believe our Government's public statements, or the off-the-record statements of Mr. Dulles' law partner. And they wonder whether they should do to us what you suggest we are preparing to do to them.

Why not tell Sen. Welker who in the State Department backs you, and who suggested and arranged your interview with what he called "certain left-wing columnists"? Quotation from, and praise of your statement in the January 23, 1954 issue of NEW TIMES, official Soviet organ published in Moscow and circulated world-wide in 9 different languages, makes clear the damage you have done. The enclosed article from the Department of State BULLETIN by [redacted] Director of the Office of Chinese Affairs, completely contradicts your views. Don't you think you should resign, thus saving our Government and Mr. Dulles more embarrassment?

China in the Shadow of Communism

by Walter P. McConaughy

a. 15 Years of War with Japan

How have we come so abruptly to the present sad and menacing state of affairs in China when the National Government was victorious and clothed with great international prestige in 1945? A strong contributory factor undoubtedly was the tragically devitalizing effect on China of a decade and a half of struggle against Japanese aggression.

Many observers were not unaware of the debilitating effects of Japanese encroachment, but few appreciated to the full the extent to which the Chinese governmental, economic, and social structure had been undermined. The collapse on the mainland in 1948 and 1949 was in substantial measure the evil fruit of that bitter and heroic early struggle.

We cannot seriously believe that the ultimate judgment of history will hold our country primarily responsible for the debacle which took place in China between 1945 and 1949, the consequences of which no man can foretell.

Our help before and during those years was very substantial, even though it proved to be ineffective. In a sense the defeat represented a failure of free men, primarily in China, but secondarily in every associated country that was free, to recognize to the full the sinister nature of the threat, which far transcended the borders of China, and a corollary failure to respond with the prodigious measure of sacrificial effort that would have been required to forestall the catastrophe.

Support of Government on Formosa

Today we see the government which was the victim of that Communist conspiracy and aggression entrenched on Formosa, endowed with a great sense of dedication and a clear understanding of the nature of the enemy, as a result of the fires through which it has passed. Much of the dross has been consumed in the searing experiences of these years.

Aided by military and economic programs in which we are participating heavily, it stands lit-

erally and figuratively as a rallying point for all Chinese who oppose the Communist oligarchy which aims to keep the Chinese people in bondage and use them for the further attainment of their evil objectives. The Chinese Government and its people on Formosa are redoubtable members of the confraternity of free peoples who are ready to take their stand against further Communist conquests.

In view of the limitations imposed by relatively small geographic, manpower and economic resources, care must be taken not to overestimate that government's material capabilities. The strongest force they can muster and support is none too large for the threat they face. In the no less important moral and psychological spheres their value to the common cause is enormous.

We have our problems with that government as it no doubt has its problems with ours. Governments are fallible, as are the humans who compose them. The point is that this government is essentially with us. It is a government with which we can negotiate on a rational plane. We are dealing with it on a sane basis of give and take.

b. Formosa Our Ally.

We are rendering substantial help to this government without intervening in its domestic affairs or otherwise infringing on its sovereignty. We are helping a beleaguered people to help themselves and the common cause. It is a program from which we can derive some satisfaction. It is our purpose to continue to back this government.

We believe that it is the only Chinese Government which represents in any measure the authentic aspirations and the bona fide national interests of the Chinese people.

Disillusioned though the mass of the Chinese may have been with it in the dark days of 1948-49, its record on Formosa makes it look better and better to the Chinese people on the mainland by contrast with the ruthless exploitation which they are suffering at the hands of the regime of Mao Tse-tung. There is reason to hope that the government at Taipei will continue to grow in

strength, in devotion to the cardinal principles of democracy, and in international prestige, and that its base of free Chinese support will steadily be broadened so that it will be enabled to raise ever higher a standard around which all Chinese may rally who wish to save from extinction Chinese freedoms and the ancient and distinctive Chinese traditions.

We find an element of irrationality in much of the vituperation heaped upon that government and its head. Grant that it committed errors of judgment after World War II; concede that it had in large measure lost the confidence of the Chinese people when it abandoned the mainland 4 years ago; after all that is taken into account we have still the incontrovertible fact that it has stood steadfastly by those principles which free people recognize as paramount. It has come a long way since it established itself on Formosa.

It seems to us that the intemperate abuse heaped on the Chinese Government is often based on petty personal grounds or on shortcomings which are no longer relevant.

There is an occasional form of human perverseness which tends to cause displeasure to rise higher against a man of good will who is in difficulty involving others than against a dangerous public enemy with whom there has been no personal contact. But this reaction should be momentary at the most.

c. Distinguish Friend from Foe.

If there was ever any excuse for overlooking the faults of the enemy and magnifying the alleged faults of the friend, it abruptly ended in November 1950 when the Chinese Communists without warning or warrant hurled their forces against the U.N. defenders of Korea.

There is no doubt that the overwhelming majority of the American people do see this issue in proper perspective. But an articulate though small minority in our own country, and more in some other countries, sometimes seem to fail to distinguish friend from foe.

When it is possible to take the long view, we may find that one of the sad circumstances of these days has been the proclivity of some of our friends in various parts of the world to confuse Communist imperialism with bona fide nationalism.

Siren Song of Communism

The siren song of communism in Asia, that it is spearheading a pan-Asiatic revulsion against white colonialism and imperialism, has beguiled many Asians of good will who would not knowingly play the Communist game. When the Communists so plausibly take over and exploit to their own evil purposes the discontent of Eastern peoples with their poor lot in life, perhaps it is no wonder that many are deceived.

Equally to be deplored is the occasional tendency to regard with considerable reserve any

Asiatic government which is standing four square against Communist encroachment and is participating in the U. S. mutual defense assistance program as being somehow under foreign domination and less representative of its people than a government whose position is equivocal. The suspicion does not seem to attach equally to European countries participating in the program—only the Asian countries.

A word of caution now against those who say that the battlelines are now drawn and that we must immediately make a fateful leap in one direction or the other. They would have us either enter into a full program of attempted appeasement of communism in Asia, or else embark upon a dangerously provocative course which might soon embroil us in active hostilities with consequences beyond measure.

Although they would not admit it, their counsel in effect is that we must jump either into the frying pan or the fire. We do not propose to do either.

Our course is what we conceive of as a middle one, calculated to limit the capability of the enemy for further aggression and to build up the strength of our friends. In that direction lies the best hope for peaceful attainment of our objectives, and the best preparation for any new challenge that may be flung at us.

Nonrecognition of Communist Regime

One often-asked question deserves an answer: "Since recognition doesn't signify approval, why don't we 'accept reality' and recognize the Chinese Communist regime which is in full control of the country?"

To start with, let us take a look at the four generally accepted criteria which a new regime ordinarily must meet before its recognition as a legitimate government and its acceptance into the sisterhood of nations. These four criteria are (1) effective control over the territory of the country; (2) sovereign independence; (3) truly representative character—something in the nature of a mandate from the people governed, or at least their consent without coercion; and (4) acceptance of its inherited and generally recognized treaty and other international obligations and adherence to a pretty well established minimum standard of decency in its treatment of foreign nationals and interests within its borders.

Of these four criteria it would seem that the Peiping regime meets only the first and that is perhaps the least essential of the four.

Repeatedly we have recognized governments in exile which could not meet the first criterion. But it would be a serious matter to overlook the other three tests.

The Chinese Communists do not measure up under any of them. They are subservient to Mos-

cow and international communism; they impose an alien minority rule by force and falsification on an intimidated, isolated and misinformed populace; and they openly flout every Chinese treaty obligation, every principle of the U.N. charter, and every clause in any reasonable formulation of human and property rights for aliens.

d. A Brutal Regime.

Apart from the horrors wantonly inflicted on millions of Chinese since 1949, the story of the flagrant abuse of scores of American citizens is one which rightfully causes us to burn with wrath.

The shocking crimes against humanity of recent years have blunted world sensitivity to mass sadism so that we no longer seem to express the full measure of our moral indignation against these great wrongs. But we cannot lightly dismiss the agony of our fellow citizens arrested by Chinese Communists on trumped-up charges; held incommunicado for months or years without access to friends or legal counsel and often without knowledge of what offense if any is charged against them; and in many cases subjected to physical or mental tortures aimed at extorting false confessions that can be used in the vicious hate-America propaganda campaign, a campaign which unhappily may in time turn a new generation of Chinese against America and Americans by a systematic poisoning of their minds against this country beginning in childhood.

On grounds of international law, the case against recognition is very strong. On practical grounds, the argument is equally strong.

Recognition has assumed a political and psychological significance which is new. It has become a symbol. Recognition in this case would mean in the eyes of millions, especially in Asia, not necessarily approval but acceptance, accommodation, and reconciliation.

Nonrecognition means refusal to accept the Communist triumph as definitive. It means to many that the will to resist Communist expansion is alive; that communism is not the inevitable "wave of the future" for Asia; that communism is not assured of acceptance and legitimization in every country where it may gain a beachhead; that our Asian friends who have the courage to stand up against communism will not have the ground cut out from under their feet if communism should attempt to subvert or take over their native land.

Some may be unable to see why the recognition issue should signify all this; but the fact is that it does to many Asians, including numbers who are "on the fence." Many an Asian has told me that American nonrecognition of the Communist regime in Peiping has had much to do with checking the impetus of the Communist advance in Asia.

e. Recognition Means Betrayal.

Even Chinese who are not particularly in sympathy with the Chinese National Government tell us that recognition of the Communist dictators in Peiping would be the greatest single nonmilitary triumph for the Communist cause and the hardest

psychological blow against the will to resist the further spread of communism that could be devised.

It would be an unthinkable betrayal of the Chinese Government and its people on Formosa and likewise a grave disservice to the mass of Chinese people on the mainland suffering under Communist dictatorship. Our friendship for them shall not waver, and it demands that we shall not strengthen the hand of their oppressor.

The Communist side is becoming increasingly aware of the immense political and psychological advantages, as well as the parliamentary advantages in the United Nations, which could be obtained from general worldwide recognition of the Peiping regime. Hence we are beginning to see a series of maneuvers out of Moscow and Peiping designed to force the general international acceptance of the Mao Tse-tung regime as the legitimate government of China, entitled to occupy China's seat in the United Nations. This endeavor must be resisted.

f. Diplomatic Relations Useless.

We see in the arrogant, incorrigible, unyielding position taken by Chinese Communist mouthpieces wherever they appear at a conference how difficult it is to negotiate even the simplest matter with them. The current negotiations in Korea are an example. The patience, the flexibility, the open-mindedness, the reasonableness and resourcefulness of even a consummately skilled negotiator are largely wasted.

There is nothing to be gained from diplomatic relations with such a regime, which believes in the use of diplomacy as a weapon of propaganda and subversion rather than as a means of constructive diplomatic intercourse.

The ambitious plans of the Peiping regime to build its industrial base for war through a comprehensive 5-year economic development plan are deeply disturbing. There is no reason to believe that its longstanding plans for expansion in Asia have been modified.

Korean Issue Remains Open

Even the aggression in Korea cannot be considered as terminated merely by an armistice. In the absence of a satisfactory settlement in a political conference, the Korean issue remains open.

The fundamental threat posed by the Peiping regime through its Korean aggression calls for a continuance of the concerted U.N. economic sanctions which have been applied against it since 1951.

g. Ban Trade with the Reds.

We believe that the regime, if allowed to carry on foreign trade freely, would disregard the normal consumer requirements of the Chinese people and continue to impose the severest limitations on imports of consumer goods, while concentrating on strategic and industrial imports essential to the build-up of a war economy which might later be used against us.

Hence the conclusion that the U.S. ban on trade, shipping, and financial relations with Communist China must be maintained, in the absence of a fundamental change in the posture, the composition and the essential orientation of the regime.

The Peiping regime in 1949 contemptuously rejected opportunities for friendship and normal trade relations. Those who have hoped that a Western policy of "keeping a foot in the door" would have a moderating effect on the regime, and perhaps alienate the regime from its Moscow affiliation, have seen their hopes consistently dashed.

h. Weaken Communism.

By maintaining a policy of pressure and diplomatic isolation we can at least slow the growth of the war-making potential of Communist China and retard the consolidation of its diplomatic position. A relationship of dependence on the senior partner as complete as we can make it will not make the embrace any more congenial for either the Soviet senior partner or the Chinese Communist junior partner.

It is regrettable that I cannot produce any panacea which would solve all the vexing problems posed by Communist China and remove this added

threat to our national security with one magic stroke. I do not have any such formula and I question whether anyone else has.

It is not pleasant to have to report that nothing better than a prolonged period of tension and uncertainty may be in store for us. It is cold comfort to say that the prospects of checkmating any further encroachments of the opposition in the Far East are slowly improving. We all long for a quick end to this gray period which is so costly, so anxious, and so frustrating.

But let us take comfort in the assurance that we now know the nature of the enemy, which should deny him any more easy victories; in the belief that a divinely implanted inner voice inclines all humanity to our side; and in the conviction that any system so violative of all the things mankind holds most dear must veritably carry within itself the seeds of its own ultimate dissolution.

ARTHUR HOBSON DEAN
FUND FOR THE REPUBLIC

Washington City News Service Release, May 31, 1955,
reported that Dean had been elected a Director of the Fund
For the Republic.

BACKGROUND

Dean was born October 16, 1898, at Ithaca, New York; graduated Cornell University College of Law, 1923, began practice of law in New York City in 1923, and in 1929 became a partner in the law firm of Sullivan and Cromwell, New York City. He is presently the head of this firm. He is a director of several large corporations. Dean has also served as Special U. S. Ambassador to Korea, and as United Nations Representative at the Korean Truce Negotiations.

BUREAU INVESTIGATION

Dean was the subject of a Special Inquiry investigation conducted by this Bureau in 1953 at the request of the Secretary of State. By summary memorandum dated April 29, 1953, the results of that investigation were furnished to the Attorney General, the White House, and the Department of State. Additional information concerning Dean was furnished to the above agencies on December 4, 1953, and January 24, 1955.

The majority of persons interviewed during the investigation described Dean as loyal, capable, and trustworthy. He was also described as an outstanding corporation attorney.

Our investigation also reflected that Dean was a member of the Institute of Pacific Relations (IPR) from 1939 through the date of investigation. From 1946 to 1950 he served as a member of the Board of Trustees and as a vice-chairman of the American Council, IPR. In 1952 he resigned as International Chairman, IPR, and has held no official position in the IPR since that time. During the period 1939 to December, 1951, he contributed a total of \$8,394.65 to the

Alfred Khlberg, New York City, characterized Dean as "not known as anti-Communist" and as "an admirer of Chinese Communists." He based this characterization on the fact that Dean held a responsible IPR position at the time the IPR published articles favorable to the Chinese Communists. Louis Budenz, former Communist Party functionary, stated that Dean in the early 1940s was mentioned by Communist Party functionaries as being "ready and willing to do the Communist Party's bidding" through an unknown intermediary. State Department files described Dean as one who "neither sees evil, speaks evil, nor hears evil of the IPR."

All of the above information concerning Dean has been furnished to the Attorney General, State Department, and the White House.
